

Sunny, Hot and Dusty with lots of Big Bright Kings and Halibut too big to fit in the Fish Hold! 2019 has been Epic!

What a pleasure to have the Felber family back from Switzerland and enjoy a great week of fishing, photography, and Adventuring. Kings, Lings and Halibut.

Old Home week followed with lifelong friends booking a week and joining us in Chignik, college buddies and others that started coming up to Chignik with us in the beginning, 19 years ago. Doubles and triples on King's and big Halibut.

Kevin Carter set the bar high with at 165 pounds and the gang could tried all week to top it. Richard Geren certainly had a hot rod all week.

The Fish brothers doing what Fish Brothers do! Jerry and Mike Fish!

Crystal Wendt, married Travis in June and joined us for two weeks in July. Greg Hinton was also able to make his way up for a week of King's.

Filling up all the hanging hooks with the BASF guys, lots of good eating this winter

Chasing Sockeyes in the river and flossing lessons

2019 has been quite exceptional. On top of great fishing we've had fantastic weather, good bear viewing and more salmonberry's than we've ever seen.

2020 will likely be John and Mary's final season operating Chignik Bay Adventures. We hope next year matches this one. It is great to finish up with strong fish runs, great guests, and big smiles.

Backyard Bears!
